- Doctor exam at our hospital within the last 6 months
- Must have received the Canine Influenza Vaccine

YOU MUST PROVIDE WRITTEN DOCUMENTATION that these procedures were administered or prescribed by a licensed veterinarian according to these guidelines. If documentation is not provided at the time of admission, we will update your pet according to these guidelines, at your expense. Please be aware that many veterinarians and boarding facilities do not follow these same safety standards and "current" pets may have gaps in protection that we will update appropriately.

2. All animals must be free of external parasites (ex. ticks, fleas, ear mites, lice, etc.), or they will be treated at the time of admission, at your expense.
3. I acknowledge that in the event of my pet's illness, the veterinary staff may not be able to contact me immediately and is therefore authorized to initiate appropriate treatment until I or the pet's agent can be reached. DICKINSON ANIMAL HOSPITAL has my permission to do whatever is necessary should an emergency arise, and I agree to pay for all services rendered. Pets that require a doctor's attention will be charged hospitalization fees, not boarding fees.
4. If a tranquilizer is necessary for treatment or safe handling, DICKINSON ANIMAL HOSPITAL has my permission to administer such medication, and the cost of medication administration will be added to my bill.

### **BOARDING POLICY**

Pets may be picked up during regular hospital hours of operation only, no exceptions. Personal items may be left if and only if the owner and pet's name are on every item. We are not responsible for loss or damage.

DICKINSON ANIMAL HOSPITAL cannot guarantee the health of any animal, but will give appropriate care to all boarded pets. DICKINSON ANIMAL HOSPITAL will not be responsible for conditions that are often unavoidable in facilities with many pets in close proximity and out of their normal home environments. These conditions include but are not limited to poor appetite, weight loss, rough hair coat, kennel cough, upper respiratory infection, and diarrhea. Pets that are boarded are not kept in areas with hospitalized patients suspected of contagious conditions.

Upon admission, all boarders are briefly examined to establish adherence to the "Requirements for Boarding" listed above and to establish the general health of the pet. This is not intended to be a comprehensive physical examination to thoroughly evaluate your pet, although the doctor may make some specific notations and recommendations for further care. However, if your pet has not received a health exam, at our hospital, in the past 6 months, your pet will be required to have a well pet health exam at your expense.

By signing below, I agree to the requirements and policies listed above, and that the cost of any additional services (vaccination, parasite treatment, emergency care, tranquilization, etc.) will be in addition to boarding fees. I agree to make complete payment to DICKINSON ANIMAL HOSPITAL at the time of discharge. I am aware a \$30.00 fee will be added to any insufficient or uncollectible accounts. I certify that my pet appears to be free from contagious disease and has not bitten anyone within the past 10 days.

I have read the boarding requirements and understand the hospital's policies, and am in full agreement.

Signed: \_\_\_\_\_
